USE PAINT FREQUENTLY. the Appearance of His Premises

Makes a Mistake, The importance of keeping farm carclessness in this respect is noticenble on every hand. Neat looking bouses, barns and other bolldings de dilapidated weather-worn structures give the pince an air of neglect or poverty, according to the degree of deeny. If a farmer earcs nothing for looks, he should keep tils buildings well painted, because paint, in convenient form for use, is | 25c at A. M. Haghes' drug state, now put up and sold at reasonable prices. Anyone with sufficient energy to rub the paint wetl into the weather checks, and interest enough In tils work to keep the palut thin, can do a good job of painting. A thoroughly goud brush is necessary; enable a man to do more and bet

over the membrane and be absorbed. Relief is immediate and a cure follows. It is not drying—does not produce successing. Large Size, 50 cents at thing-chapter in the cheapest, as it will not only enable a man to do more and between ELY HROTHERS, 3) Warren Steel, New York ter work but a good brush will last longer than a cheap one. The fall is the best time to do outside pulntlng, as it then has all winter ln which to harden stowly-whereas paint put on in spring or summer in sometimes injured with the hot son while It is fresh and soft .- Agri-

eviturni Epitomist. Windfall Apples for Stock, There are many farmers whn place vatue on the immature and windfall apples for feeding purposes. One farmer has fed to all kinds of stock except sheep-he has no streep-and in never seen any but beneficial resuits from so doing. As the npples near maturity and ripen they are nore valuable, of course, as they are upples to making them into chier touking apple-butter and vinegar.
